## Changes to Pedestrian Access at Canberra Hospital from 21 November 2011

Construction on the new Capital Region Cancer Centre at Canberra Hospital will commence on 21 November 2011.

Temporary pedestrian access arrangements will be in place around the construction site. Arrangements include a new entrance to Level 1 of Building 3 and to Radiation Oncology.

Patients and visitors to Radiation Oncology | Level 1 of Building 3 | Walk-in Centre

To minimise any disruption, a new temporary entrance for Radiation Oncology and Level 1 of Building 3 has been installed on the western side of Building 3 adjacent to Bateson Road.

Access to Radiation Oncology, Level 1 of Building 3 and the Walk-in Centre will be from Bateson Road. Patients and visitors accessing these services from the Southern Car Park should proceed to Level 1 via the stairs or lift where clear signage will direct you to Bateson Road.

A short-stay car park with set-down and pick-up zone is also located nearby the new temporary entrance.

Patients and visitors to Level 2 of Building 3 | All other parts of Canberra Hospital

Access to Level 2 of Building 3 and all other parts of Canberra Hospital will be from Hospital Road. The path beside Hospital Drive will be the main access path across the campus. It is flat and partially covered.

## Recent Activities of the CRKSG

One of the main reasons the Group exists is to assist renal patients. The Group raises funds which enables us to provide assistance to those with difficulties in meeting costs resulting from their treatment. Requests for assistance will normally be arranged in conjunction with the Renal Unit Social Worker but may also be arranged through the head nurses of the dialysis units.

The Group will also assist renal patients with some funding for compassionate reasons, for example, family reunions. We have recently assisted with funding for dialysis treatment in Samoa, allowing a patient to visit family for Christmas.

## Organ Donor Registration

If you are viewing this newsletter on-line, click on the link below to register as an organ donor. Organ donor registration is completely voluntary. If you register you will receive a donor card similar to the one shown here.

## OPERATION ANGEL AWARDS

Do you know someone outstanding who has made an exceptional contribution to the Kidney Community?

It could be a person living with kidney disease, a carer or family member, a dedicated volunteer or an organisation. Please nominate them for the 2012 Operation Angel Awards. These awards were founded by Kidney Health Australia and provide a means of recognising those who inspire us within the Australian Kidney Community.

A nominee may be an individual, a family member, or an organisation who represent one of the following categories:

- A person living with or affected by a kidney condition
- Carer of a person living with or affected by a kidney condition
- Family member or friend of a person living with or affected by a kidney condition
- Volunteer working within the kidney community
- Organisation supporting people living with or affected by a kidney condition
- A high profile Australian raising awareness of kidney related conditions
- Other (eg fundraiser, event organiser)

2012 nominations open 1 December 2011 and close 5 February 2012. Award recipients will be announced on World Kidney Day, 8 March 2012.

Visit [The Kidney Health Australia](http://The Kidney Health Australia) website to download your nomination form
